HAPPY 100TH BIRTHDAY JOSEPHINE BIZZARRO

(Mr. OBERNOLTE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. OBERNOLTE. Mr. Speaker, I am honored to rise this afternoon in celebration of the 100th birthday of a member of my district. Josephine Bizzarro, a resident of the High Desert, turns 100. She is preceded in death by her husband, Mr. Domenick Bizzarro. They are both members of the Greatest Generation.

The Nazis held Domenick Bizzarro as a prisoner of war in Germany, during World War II where he earned a Bronze Star and three Purple Hearts.

His wife, Josephine, was the consummate military spouse whose unwavering commitment to her husband is what saw him through those dark days in World War II.

Mr. Speaker, everyone that knows her celebrates her life as the epitome of what a life well lived should be, and Heather and I join them in wishing Josephine Bizzarro a very happy 100th birthday.

RISING ENERGY COSTS

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Mr. Speaker, one in four Americans can't afford to have their basic needs met now due to high energy costs.

Instead of prioritizing policies that will knock down costs and provide financial relief to the American people, House Democrats are doubling down on their woke environmental policies in this week's spending package.

Far-left spending priorities include a 20 percent increase for the EPA. This comes right after the Supreme Court ruled that the agency is to roll back their overreaching, self-endowed authority.

Also in the package, is taking away the status of biomass from our forests that are on fire all the time—especially this time of year. The biomass would be a renewable resource to help produce electricity, et cetera. They want to take that away. So let the forest burn.

It also further restricts offshore oil and gas activities while increasing oil and gas inspection fees at the same time that President Biden is over there begging the Saudis to send more imported oil to us.

How is this going to help?

Instead, the Biden administration must end the Federal freeze on oil and gas leases, fast-track pending LNG export permits, and expedite approval of all pipeline and energy development.

This will help regular American people with their high costs of doing business and raising their families.

HONORING PATRICK JONES

(Mr. CARTER of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CARTER of Georgia. Mr. Speaker, I rise today in honor of a good friend and a remarkable Georgian, Patrick Jones.

Patrick graduated from the University of Georgia in 1987 with a bachelor's degree in risk management. A loving father and devoted husband, he and his wife, Kara, have two children and reside in Blackshear, Georgia, in my First Congressional District.

Patrick spent over three decades of his career working at Flash Foods alongside his brother. Under their leadership, it became one of the largest convenience chains in the Southeast. It was one of the first convenience chains to establish a loyalty program, a proprietary retail pricing platform, and a robust item-level inventory management system.

In 2016, Flash Foods was acquired by CST Brands and subsequently, Circle K. Patrick now serves as the chairman of the board of Primesouth Bank, president of the Jones Company, and President of Walker Jones Automotive Group.

An agent of change, Mr. Jones currently serves on the Department of Transportation's Southern Georgia Citizen's Review Panel, which was created through the Transportation Investment Act. He has previously served on the Bona Fide Coin Operated Amusement Machine Operator Advisory Board.

Mr. Speaker, Patrick Jones has truly made his mark on his community.

IOWA'S COUNTY FAIR SEASON

(Mrs. MILLER-MEEKS asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. MILLER-MEEKS. Mr. Speaker, in Iowa, the official start of summer also brings the official start of county fair season.

All 99 counties in Iowa have a county fair that brings together kids, families, 4H, FFA, farmers, and the broader community for their games, fair food, arts and crafts, the showing of livestock, concerts, tractor pulls, and also car races.

The amount of work young people put into raising bottle-to-bucket calf, hogs, horses, chickens, rabbits, sheep, goats, and even llamas is incredible. They take great pride in showing their animals at the fair, and they develop tremendous confidence.

There are also static exhibits, which are arts and crafts. At one of the county fairs, I met Wesley, who was going into the first grade, and he showed his pencil drawings, photographs, cupcakes that he baked, and also his corn for that group. He won 10 blue ribbons at the age of 6.

The fair is such a great opportunity for families to get together and young people to develop the confidence they need to succeed in life. It is a wonderful summer educational opportunity packed with hands-on learning in a fun-filled week.

I encourage everyone to visit a county fair in their own State, and I applaud all of our children's dedication, compassion, and work ethic.
